HMDA CONSULTING

- With Home Mortgage Disclosure Act (HMDA), the pressure to maintain data integrity is intensifying. We'll let you know where there's a problem so you can correct it early and avoid a clean-up project later.
- We'll also look at your performance vs. your peers, perform data integrity and process reviews, conduct file reviews and more. We'll provide geocoding, edits, reports, and mapping services related to HMDA. And then we'll help you understand it all.

CRA CONSULTING

- Get the help you need to satisfy regulatory and Board expectations. We'll perform a CRA file review, evaluate your Assessment Area(s), and prepare and analyze your CRA performance.
- We'll identify and evaluate all your Community Development activities: services, investments, loans and donations. Then we'll put it in context. With a Marquis Compliance Expert on your side, you will be exam ready!

FAIR LENDING CONSULTING

- From pricing and underwriting, to process to pattern, Fair Lending takes on many forms. What is your exposure to Fair Lending risk? Can you be sure senior management understands? That's where Marquis has your back. We'll explain the implementing regulations, update everyone on the latest issues, and assist you in identifying high risk areas. There are no "do-overs" with Fair Lending, you have to get it right.
